DIRECTIONS AND COMMENTS: This paper will serve as a guide for the categories available. Send in your stats on other paper and keep this as a reference. These stats are for high school level of play only. The numbers should reflect anything from your total games played, not just league play, but your overall record for that playing season(s). District refers to the divisions of Pennsylvania. All years on this sheet should be recorded as a school year. If the record relates to the 1994 soccer season it should be recorded as the school year 1994-1995. After the coach puts together these stats, send them to your League Rep. He/She in turn will mail them to the PSCA Statistician.
